BABCP Accreditation team expands

The Association is pleased to announce the recent appointment of two more Accreditation Liaison Officers.

Carolyn Quinn began her career in mental health nursing. She undertook the ENB 650 route to become an accredited CBT therapist at the Maudsley Hospital in 1998 (Isaac Marks was Professor there at the time) and has been working in CBT ever since.

In addition to her BABCP role, Carolyn is currently also a tutor and supervisor at the Salford Cognitive Therapy Training Centre and has a small private practice.

Mark Addis studied to become a Registered Mental Nurse at the Bolton and Salford College of Nursing and Midwifery between 1988 and 1991. At the same time, he also studied counselling skills.

From 2001 to 2004, Mark studied for the PG Cert, PG Dip and MSc in CBT at the University of Derby. He has been working in CBT since then, becoming accredited in 2005.

He has been a Lecturer at the University of Derby on the CBT course since 2004, progressing to Senior Lecturer. He has also been an IAPT facilitator since 2009. Within these roles he has been heavily involved in individual and course accreditation standards and criteria monitoring for both the University and students on courses.
